NED'S POINT LIGHTHOUSE

Here is an exert from Shipbuilders of Mattapoisett by Mr. Charles Mendell, Jr. giving a sketch of the builder and a humorous story of the grand opening.

"Where the Anchorage was formerly before the 1938 hurricane was the yard of William Moore, established in 1800 and perhaps the first to build large ships for New York. Moore failed in 1818, and the yard was purchased by Uncle Leonard Hammond, as he was called, a very versatile business man, and one of the shrewdest of shrewd Yankees. He ran the Plymouth County House, a tavern which sat between the former Anchorage and the street and which burned on a bitterly cold February night in 1855 when New Bedford sent a fire engine down that wouldn't pump until its insides were heated by hot bricks. (Also, it is related, many of the fire fighters were in a like fix until rum was used for the same purpose).

It is said that on one occasion a farmer on the Neck had run up quite a bill for rum at the County House, and Uncle Leonard had his weather eye out for some means of collecting. The farmer had a very large hog; but there was a law that if a man possessed only one pig, it could not be attached for debt. So Uncle Leonard bided his time until his sow had a litter. Then he gave the runt to the farmer and drove pell-mell over to the Neck and took the hog for debt.

Besides running the shipyard, the County House, an extensive salt works on the Neck, a coastwise trade to Charleston, Savannah, and New Orleans, Uncle Leonard was a Government Lighthouse contractor. He built the

lights at Mattapoisett and Gay Head, and in 1838 he sailed from Mattapoisett with two ships and a large crew of men to construct two lighthouses on the Gulf of Mexico. It is related that Uncle Leonard did not finish the Mattapoisett Light within the specified time, and when the Government Inspector arrived, Uncle Leonard sent a man posthaste to lay some planks on barrels to give the impression that the floor was completed. After a friendly glass of rum, Uncle Leonard drove the Inspector down to view the job; but unfortunately the Inspector stepped on the end of a plank not over a barrel, and disappeared into the foundation.

Mr. Charles Mendell Jr. has very generously made this history, " Shipbuilders of Matta poisett" available to the townspeople through the Town Committee. The profits from the sale are to go toward the expenses of the centenial celebration. It is a fascinating booklet and we know that you will get a great deal of pleasure from reading it.

GUESTS AT HARBOR BEACH

Mrs. Albina Picard and Bill Goucher of Pawtucket, Rhode Island were guests of Harbor Beach Lodge on Thursday. Mr. Goucher is brother to Eddie Dowling, the playwrite and actor.

Mr. Joseph Scarano of Fitchburg, Mass., an associate of Jim Lynch of Harbor Beach Lodge, was a guest at the Lodge Thursday. After a lapse of 15 years, Jim and Joseph had a grand evening just like old times when they used to entertain together. Mr. Scarano, a concert violinist, is retired but formerly he and Jim played with a number of name bands. Mr. Scarano was also with the Boston Symphony.

RAMP NEAR COMPLETION

Most of us in town have watched the progress of the ramp at the Town wharf with a great deal of interest. All seem to commend Win Jenney, the wharf commissioner, in his proposal to build it. The reinforced concrete runway replaces the old railway which was wrecked last fall. It should be much more convenient and useable as most everybody uses

REGISTRATION FOR POWER SQUADRON CLASSES.

Registration day for the advance courses of JN and AP will be on September 15 at the Mattapoisett Congregational Church at 7 P. M.

All those who have passed the pre-requisite courses of Piloting and Seamanship are eligible to register for the AP Class. Those who have in addition passed the AP Class are eligible to register for the JN Class.

The registration for the Seamanship Course will take place at a later date. Any members who have not passed any of the above mentioned courses are strongly urged to register at this time and take the course over again. It is to the advantage to every one concerned that as many members as possible attain as high a rating in the Squadron as possible and it is extremely desireable that all members direct their efforts towards this end.

Safe boating is a worthwhile objective and the more knowledge that is acquired through attendance at Power Squadron Courses, the safer this sport will become. The pleasure derived from boating will increase also in direct proportion to the amount of knowledge acquired.

The AP course this year will be under the supervision of John E. Ruggles, AP, and the JN course under the supervision of Walter J. Sawyer, JN.

RESIDING IN CHICAGO

Mr. and Mrs. Daniel McQuillan and three children, formerly of Troy, New York, are now residing in Chicago, Ill. Mrs. McQuillan is the former Joan LeClair, daughter of Dr. and Mrs. Albert P. LeClair of Main Street, Mattapoisett with whom she has been spending the summer with her children.

Tips from the Sea Chest

It's early yet and there's plenty of good Fall fishing days ahead (We've got the tackle for them)

When the season is finally over, don't neglect that outboard motor. We've got the experience and the equipment to properly protect and store your motor for you.

Every motor is pressure sprayed to remove grease, dirt and salt spray, lower units are drained, flushed and refilled with fresh lubricant.

Cylinders and moving parts are protected with rust preventatives

In the Spring your motor will be ready to go where you want, when you want.
